Professional Summary

Event programming and community professional with 2+ years coordinating speakers, content, and logistics in the Bitcoin ecosystem. Deep connections across Bitcoin Twitter, the developer community, and key voices shaping the conversation. Proven track record managing cross-functional coordination between marketing, operations, and technical teams while scaling Bitcoin-native projects to 300K+ engaged community members. Experienced at identifying emerging voices, curating compelling content, and managing speaker relationships from outreach through contract execution.

Professional Experience

Marketing & Community Manager

Arch Network | 2024 - Present

Led community strategy and programming for a Bitcoin Layer 1 startup, coordinating content, events, and communications across executive, engineering, and marketing teams.

Event Programming & Speaker Coordination

- "All-In BTC" summit in Las Vegas during Bitcoin Conference 2025. Coordinated speakers, logistics, content programming, and cross-team execution for full-day event
- Managed weekly X Spaces and live streaming events across X, Discord, and Telegram. Sourced guests, handled scheduling, prepared briefings, and ensured smooth technical execution
- Coordinated speaker outreach and confirmations for AMAs, podcasts, and virtual events featuring prominent Bitcoin voices including Jameson Lopp, Shinobi, Charlie Spears, Isabel Foxen Duke, Jan Smejkal and many more
- Served as liaison between speakers and internal teams. Managed communications, tracked confirmations, ensured timely follow-ups, and coordinated promotional rollout with marketing

Cross-Functional Collaboration

- Led communication strategy across executive, engineering, and marketing teams. Held final responsibility for all written, audio, and visual content targeting 300K+ community members
- Partnered with marketing agency and internal stakeholders using Slack and Notion to manage content calendars, campaign timelines, and deliverable tracking
- Collaborated with product and engineering teams to translate technical updates into accessible community communications and speaker talking points

Community Building & Content Strategy

- Scaled community presence on X, Discord, and Circle from zero to 300K+ engaged members through strategic programming, speaker partnerships, and content curation
- Identified and cultivated relationships with key influencers, developers, and thought leaders across Bitcoin verticals to amplify reach and credibility
- Monitored Bitcoin community sentiment and trends. Surfaced emerging voices and content opportunities to inform programming decisions

Founder | Marketing Consultant & Event Producer

XBT Marketing Services | 2023 - Present

Founded agency serving Bitcoin and Web3 startups with speaker coordination, content programming, and event production.

Speaker & Contract Management

- Negotiated and managed agreements using the Deel platform. Handled contracts, invoices, payment coordination, and documentation for client projects
- Coordinated outreach to prospective clients. Identified relevant voices, managed communications, tracked confirmations, and ensured logistics were handled seamlessly
- Maintained organized records of contracts, release forms, and speaker communications using Notion and Google Drive

Event Production & Programming

- Produced branded podcasts, AMAs, and live events for Bitcoin-native clients. Managed guest outreach, scheduling, preparation, and technical execution
- Curated content programming for client campaigns. Identified speakers, organized session flow, and coordinated promotional timelines with marketing teams
- Partnered with sales and partnership teams to identify potential speakers from sponsor organizations and align content with business objectives

Podcast & Social Media Producer

XBT Marketing Services (Pizza Ninjas / Pizza Pets) | 2023 - Present

Led content production and speaker coordination for Bitcoin-native collectibles and gaming projects.

- Managed podcast and video production. Coordinated guest outreach, scheduling, interview prep, and post-production for narrative-driven content series
- Built relationships with Bitcoin creators and developers. Identified emerging voices in the Ordinals and Bitcoin gaming space to feature in content programming
- Tracked programming schedules and content calendars. Ensured timely delivery and maintained data accuracy across multiple projects

High School Chemistry Teacher & Varsity Football Coach

2016 - 2023

Developed communication, organizational, and team leadership skills through education and coaching.

- Managed complex logistics and competing priorities. Coordinated schedules, communications, and deliverables across multiple teams and stakeholders
 - Communicated clearly with diverse audiences. Adapted messaging and presentation style to ensure understanding and engagement
 - Created structured systems for tracking and documentation. Maintained organized records and ensured follow-through on commitments
-

Skills & Expertise

Event Programming & Coordination

Speaker outreach, relationship management, and contract negotiation. Event logistics, scheduling, and cross-team coordination. Content curation, session programming, and agenda development. Virtual and in-person event production (Twitter Spaces, Discord, Telegram, live summits).

Bitcoin Community & Industry Knowledge

Deep connections across Bitcoin Twitter and the developer community. Ability to identify emerging voices and spot content trends before they break. Understanding of the Bitcoin ecosystem: developers, investors, technologists, newcomers. Relationships with key thought leaders.

Project Management & Organization

Tools: Notion, Airtable, Slack, Google Workspace, Deel, Circle. Contract and invoice management, payment tracking, documentation. Cross-functional collaboration across Marketing, Sales, Finance, and Operations. Inbox management, communication triage, and timely follow-through.

Communication & Content

Outstanding written and verbal communication skills. Content strategy, copywriting, and storytelling. Video and podcast production (Descript, FinalCut Pro, OBS, Riverside, Canva). Social media strategy and community engagement (X, Discord, Telegram, YouTube).
